## REAL ESTATE SALE FOR PAVING ASSESSMENT.

Whereas, the Street Commissioners of the City of Barre, in the County of Washington and State of Vermont, in pursuance to the resolution of its City Council, duly passed, did on the 28th day of November, A. D. 1903, assess upon the lands of Jenette Martin for grading, paving, macadamizing, curbing and guttering a certain portion of South Main Street, in said City of Barre, upon the following described lands of said Jenette Martin abutting on said Street, to-wit: Bounded Southerly by land owned by Fred A. ## Stomach Paralysis

Dyspepsia or Indigestion, properly named, is Paralysis of the Stomach.

When you have water-brash, feel sick at the stomach, have gas or wind on it, or feel as though you had a ball or heavy weight in the pit of the stomach after eating, and the nerves and muscles of that organ cease to act and digest your food, that stoppage in the process of digestion, to call it properly, is Paralysis of the Stomach, and should be treated as such. It is perfect folly to assist the stomach with dyspepsia remedies and stimulants to dissolve the undigested food. You may get relief, but at the next meal you suffer again. The proper treatment is to build up the worn out muscles and nerves of the stomach so that it can do its own work without assistance, and not only digest the food you eat to-day but tomorrow and forever after; as is done, by the use of Dr. Chase's Blood and Nerve Food and Liver Food, which have an immediate action on the nerves and muscles, that control digestion. The price of the Blood and Nerve Food, 50 cents; the Liver Food 25 cents. Book free.

Sold and guaranteed by E. A. Drown.

## A School in the Woods.

The school in the woods, which was started this year near Berlin, Germany, for the benefit of weakly children, has proved very successful, says the London Standard. It was attended during the summer by 119 children who were allowed a free railway journey thither daily. They began their work at 7:45 o'clock with a wholesome meal of warm bread and milk and slices of bread and butter and jam. Lessons went on till 10, when they were again served with similar refreshment. After further lessons they had dinner at noon, consisting of meat, vegetables and potatoes. After an hour's siesta and further lessons they had bread and milk and bread and jam and at 6 o'clock warm soup, chocolate or cocoa. The children have been found to gain on an average of five pounds in weight! The school will be closed for the winter in November.
